## REMARKS

BEST AVAILABLE

The specification has been amended to refer now to the published patent resulting from the co-pending patent application previously incorporated by reference.

Claims 1-21 are pending in the application.

Claims 10-21 have been allowed.

Claims 3-5 would be allowable if rewritten in independent form. Claim 3 has been rewritten to incorporate the limitations of claim 1 and is now in independent form. Claims 4 and 5 depend from claim 3 and all should now be in condition for allowance.

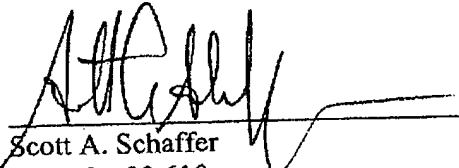

Claims 1, 2 and 6-9 have been rejected under 35 USC §102(b) or §103(a) as being anticipated by or an obvious variation in view of U.S. Patent No. 5,788,573 (Baerlocher et al.). Independent claim 1 has been amended to incorporate the features of the invention not found or suggested in the Baerlocher reference -- the Baerlocher selectors are visually fixed on the display (not moving) and thus do not themselves move among the bonus prizes -- and should now be in condition for allowance.

## CONCLUSION

For the foregoing reasons, reconsideration and allowance of all the claims of the application as amended is solicited. The Examiner is encouraged to telephone the undersigned at (503) 222-3613 if it appears that an interview would be helpful in advancing the case.

Respectfully submitted,

MARGER JOHNSON & McCOLLOM, P.C.
